

Dell Corporate Challenge - Team Objective Setting

A key part of this event will be for individuals and teams to have clarity on what they are aiming to achieve over the two days. Not all individuals and teams are in it to win, some want to challenge themselves within their own limits and some teams have team members with varying experience and fitness.

Please take time to create your personal objectives here and also come to agreement in terms of your team objectives. It's fine to have ambition and to challenge each other but be realistic about what you can achieve for this event.
